Some text   more text.

Even more text.

Thin space like this

Math mode: $abcd\,ef\,ghijklmnop$

Short bits of text:

Let's have some font fun: **bold**, *italic*, roman, sans serif, `monospaced`, and SMALL CAPS.

Normal text.

This text is italic.

So is this: the effect is not limited to a paragraph.

No more italics outside the group.

Normal text

<div align="center">

Some text

Normal text **Much smaller text**

</div>
